## EVERGREENS TO LINE OUT

PLANTING TIME varies in different sections. Therefore, please give us a definite shipping date. If no date is given we will ship when we think best.

IMPOSSIBLE TO FURNISH was the report we received when we placed our order for several evergreen seeds. Therefore you will do well to place your order now for seedlings.

FALL PLANTING is practiced by many large growers.

### SPECIAL PACKING FOR LINING OUT EVERGREENS

For many years we have used our special method of grading and packing all smaller stock--a method which insures that your stock will be a uniform strong grade and delivered in perfect condition regardless of distance. The stock is dug fresh for each individual order, roots carefully puddled and graded in the fields, then brought to the packing shed and regraded over the table.

Your stock is then tied in bundles, carefully packed in damp moss and each bundle wrapped in waterproof paper. The middle of the bundle cannot dry out nor heat. The shipment can be taken directly to your fields and planted from the box without any risk of drying out or exposure to the air, because the bundle is small and of convenient size.

TERMS: 2% discount for payment in 10 days from date of invoice. Accounts due first of second month following date of invoice. These terms are offered to those with established credit; otherwise cash, security or satisfactory references. C.O.D. orders must be accompanied by one-fourth cash.

3% discount will be given if check accompanies order.

PRICES: This list cancels all previous lists. Prices are subject to change without notice.

PACKING: All packing charges at cost, as usual. No charge to pack bulk cars or trucks.

CLAIMS: Make claims promptly upon receipt of goods. While our responsibility ends when we deliver the goods in first-class condition to the carrier, we will help all we can in settling claims that are made within ten days after arrival of stock.

While we exercise the greatest care possible to have our nursery products all genuine and reliable, we will replace, on proper proof, all that prove untrue. We do not give any warranty expressed or implied, or guarantee them to live and grow, or give specific results. In case of error on our part, it is understood that we shall at no time be held responsible for a greater amount than the original price of the goods.

All sales and contracts are made subject to crop losses or other causes beyond our control. All stock is offered subject to prior sale. Write for special large quantity prices.
